

# BIKEWALK PROVO'S WORLD FAMOUS BIKING TOUR

## 6 Miles 1 Hour

This route primarily uses Provo's low-stress bike network and is designed to be comfortable for people of all experience levels.

With Utah County's population expected to double by 2050, we cannot continue to move the way we do now sustainably—neither financially nor environmentally. Bold efforts will need to be taken by our community leaders to make walking, biking, and public transit more appealing and convenient than driving.
